

Migration Plan Builder

IT & Tech Compliance

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a migration plan — per-workload 6R strategy, phases, risks, cutover and rollback — for a cloud or platform migration. Use this to plan a migration; for a post-migration review use the Well-Architected Assessment.

Purpose of this tool & output

Plan a cloud or platform migration

How the output is used

Use the plan to migrate to a new cloud or platform with phases, cutover, rollback and risk controls.

Important cautions

AI-generated plan; validate dependencies and pilot before full migration.

Companion documents
