Document type: Letter / notice · Generated 13 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Structure a bail application (regular or anticipatory) under Indian criminal law (BNSS/CrPC) — parties, offence, stage, grounds, undertakings and prayer — as a structural aid, not case-specific legal advice. Fill in the details below.

Purpose of this tool & output

Structure a bail petition (lawyer-finalised)

How the output is used

Use the draft to structure a bail petition — a bail application outline with grounds and conditions for your lawyer to finalise.

Who receives it

It is filed before the court hearing the matter (Sessions or High Court as applicable) and served on the prosecution.

How to submit / file it

File with the grounds, antecedents and supporting documents per the court rules; a lawyer settles and argues it.

Who should vet it

A criminal lawyer, to settle the grounds and conditions and to argue the bail application.

Important cautions

Criminal matters need an advocate urgently; this is a structural aid only, not legal advice.
