

DPDPA Readiness Audit

Legal

Document type: Financial model / analysis · Generated 13 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Run a deep DPDPA readiness gap audit — a maturity score, a status and priority for each control area (notice and consent, rights, security, breach, grievance officer, children data, retention, processor contracts, governance) and the top-5 remediations. Fill in the details below.

Purpose of this tool & output

Deep gap audit against India data-protection law

How the output is used

Use it for a deep DPDP Act gap audit — a detailed audit of consent, rights, security, retention and grievance controls with findings.

Who should vet it

A privacy lawyer or DPO, to confirm the audit findings and prioritise remediation.

Important cautions

AI-generated audit; confirm current DPDPA rules with counsel.

Companion documents
