This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a realistic estimate of a dispute cost and duration across forums — a timeline range, cost components (court fee, advocate, expert), an indicative total and cheaper alternatives. Fill in the details below.

Purpose of this tool & output

Get a realistic expectation of cost and duration

How the output is used

Use it to set realistic expectations — an estimate of the likely cost and timeline of a litigation before you commit to it.

Who should vet it

A litigation lawyer, to confirm the cost and timeline estimate against the forum and complexity of your matter.

Important cautions

Indian litigation timelines are long and variable; this is indicative only.
