Purpose of this tool & output

Draft a general or special power of attorney

How the output is used

Use the draft to authorise someone to act for you — a general or special power of attorney defining the powers and their limits.

Who receives it

The instrument is between the grantor and the attorney (agent); the grantor keeps the original and the attorney a copy.

Fees & charges

Stamp duty per your state and notarisation/registration where required (property POAs usually need registration); the powers granted are the key content.

Who should vet it

A lawyer, to scope the powers correctly and meet the notarisation/registration your purpose requires.

Important cautions

AI-generated draft; a lawyer should review, especially for property.
