This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Draft a clear per-engagement SOW under your MSA — scope, a deliverables and milestones table with payments and timelines, acceptance criteria, and assumptions and exclusions. Fill in the details below.

Purpose of this tool & output

Draft a clear per-engagement SOW under your MSA

How the output is used

Use the draft to scope one engagement under your MSA — a clear SOW with deliverables, timelines and payment.

Who receives it

The SOW is between the service provider and the customer and is executed under the master agreement; each keeps a signed copy.

Fees & charges

No separate stamp fee where it sits under a stamped MSA; the deliverables and payment schedule are the key content.

Who should vet it

A lawyer or contract manager, to align the deliverables, acceptance and payment terms with the MSA.

Important cautions

AI-generated draft; align with your MSA and have a lawyer review.
