

Trademark Class Finder

Legal

Document type: Plan / SOP / strategy / guide · Generated 13 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Map your goods and services to the correct Nice Classification classes for trademark filing — the classes with what they cover and your items, whether you need multiple classes, and a specification tip. Fill in the details below.

Purpose of this tool & output

Map your goods/services to the right Nice classes

How the output is used

Use it to classify before you file — a mapping of your goods and services to the correct Nice classes for a trademark application.

Important cautions

AI-generated guidance; a TM attorney should confirm the specification before filing.
