

Trust Deed Framework

Legal

Document type: Contract / agreement · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Outline a private or family trust deed under the Indian Trusts Act — settlor and settlement, trustees and powers, beneficiaries, trust property, distribution and administration — with a tax note. Fill in the details below.

Purpose of this tool & output

Outline a family or private trust deed

How the output is used

Use the draft to set up a family or private trust — a trust deed defining settlor, trustees, beneficiaries, corpus and powers.

Who receives it

The deed is between the settlor and the trustees, for the beneficiaries; each keeps a signed copy and it is registered.

Fees & charges

Stamp duty and registration per your state; the trustee powers, beneficiary class and distribution terms are the key content.

Who should vet it

A lawyer or estate specialist, to make the trust valid, tax-sound and correctly registered.

Important cautions

AI-generated framework; trusts have significant tax/legal consequences; engage a lawyer/CA.
