

Supply Business Continuity Plan

Logistics & Trade

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a supply-chain business continuity plan — disruption scenarios, response steps, alternate sourcing, buffer strategy and recovery priorities. Use it to be ready for a supplier or logistics failure. For a second source specifically, use the Dual-Sourcing Strategy Builder.

Purpose of this tool & output

Build a disruption playbook

How the output is used

Use the playbook to prepare for supply disruption with alternate sources, buffers and response steps.

Important cautions

AI-generated plan; adapt to your operations.

Companion documents
