

Demurrage / Detention Audit

Logistics & Trade

Document type: Financial model / analysis · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Audits demurrage/detention charges against your free-time entitlement and slab rates, computes the expected charge, and identifies waiver grounds for delays not caused by you. Use it before paying a container-detention bill.

Purpose of this tool & output

Validate port and container charges

How the output is used

Use it to check demurrage/detention charges against your free-time and slab rates, and find waiver grounds before paying.

Who should vet it

A logistics manager/CHA, to confirm free-time and gate-in/gate-out records.

Important cautions

AI-generated audit; verify against the tariff and gate-in/out records.

Companion documents

- Freight Invoice Audit
- Accessorial Charge Validator
- Carrier Rate-Card Comparison
- Freight Overcharge Recovery Letter

This is AI-assisted guidance. Verify with a qualified professional before any binding decision. Fees, authorities and processes vary by state and change over time — confirm with your state authority.
