

Dual-Sourcing Strategy Builder

Logistics & Trade

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a dual-sourcing strategy for a critical item — the split rationale and allocation, second-source qualification steps, cost impact and a transition plan. Use it to remove single-source risk. For a broader continuity plan, use the Supply Business Continuity Plan.

Purpose of this tool & output

De-risk with a second source

How the output is used

Use the builder to de-risk a critical item with a qualified second source and a split-allocation plan.

Important cautions

AI-generated strategy; validate second-source capability.
