This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Maps every DG Shipping, port and other approval a maritime business needs — by segment — with authority, sequence, prerequisites and rough timelines. Use it so nothing is missed.

Purpose of this tool & output

All DG Shipping and port approvals you need

How the output is used

Use it as your master checklist of every DG Shipping and port approval your segment needs, in sequence, before you operate.

Important cautions

Maritime approvals are numerous, segment-specific and involve DG Shipping, ports, customs and IMO conventions and change. Confirm the current requirements with DG Shipping and the port authority and plan for lead times.
