

Marine Survey Business Guide

Maritime, Shipping & Ports

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Produces a guide to a marine surveying business — cargo, hull and machinery, condition, pre-purchase, draft and P&I surveys — covering qualifications, accreditation, services and independence. Use it to build a marine survey practice, a knowledge-led service.

Purpose of this tool & output

Build a marine surveying practice

How the output is used

Use it to build a marine surveying practice — the qualification, accreditation and services a marine surveyor offers.

Important cautions

Marine surveying relies on competence, accreditation, independence and reputation and reports carry liability; professional indemnity cover is essential. Obtain proper qualifications and accreditation and maintain impartiality and PI insurance.
