

# Ship Recycling Business & Compliance Guide

Maritime, Shipping & Ports

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

## Background

Explains the ship-recycling business and compliance — the Recycling of Ships Act and Hong Kong Convention, yard authorisation, safe-and-environmentally-sound recycling and the inventory of hazardous materials. Use it to plan a compliant recycling yard or sell a ship for recycling.

## Purpose of this tool & output

Enter or comply in ship recycling

## How the output is used

Use it to enter or comply in ship recycling — the Hong Kong Convention and Indian ship-recycling rules for a compliant yard.

## Important cautions

Ship recycling is safety-and-environment-critical and regulated by the Recycling of Ships Act and Hong Kong Convention with serious worker-safety and pollution risks. Confirm authorisation and standards with the authorities and prioritise worker safety and environmental compliance.
