This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Assesses copyright infringement risk and fair-dealing arguments under the Indian Copyright Act (Section 52) for using third-party material, with factors and safer approaches. Use this before using clips, music or images you do not own. For platform-specific rules use Platform Policy Checker.

Purpose of this tool & output

Assess infringement risk in your content

How the output is used

Use the assessor to gauge copyright/fair-use infringement risk in your content before you release it.

Who should vet it

A copyright/IP lawyer, for a real infringement opinion on borderline use.

Important cautions

AI-generated assessment; not legal advice; fair dealing is narrow in India; consult a lawyer.
