

BIS / ISI Certification Guide

Manufacturing & Industrial

Document type: Licence / statutory filing · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get the BIS mark your product needs — whether it is mandatory or voluntary, the process (application, factory inspection, sample testing, licence), testing and ISI marking, and ongoing surveillance. Fill in the details below.

Purpose of this tool & output

Get the BIS mark your product needs

How the output is used

Use the guide to get the BIS/ISI mark your product needs, where certification is mandatory.

Who receives it

The Bureau of Indian Standards (BIS).

How to submit / file it

Apply under the applicable scheme (ISI/CRS) with factory inspection and product testing at a recognised lab; the licence issues on conformity.

Fees & charges

Application, testing and marking fees per the scheme.

Who should vet it

A BIS/product-certification consultant.

Important cautions

AI-generated guide; confirm the applicable IS standard and current BIS procedure.

Companion documents
