

EPR Compliance Guide

Manufacturing & Industrial

Document type: Licence / statutory filing · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Understand your Extended Producer Responsibility — which EPR regime applies (plastic packaging, e-waste, batteries), registration on the CPCB portal, obligations (targets, credits, filing) and documentation. Fill in the details below.

Purpose of this tool & output

Extended Producer Responsibility, explained

How the output is used

Use the guide to meet Extended Producer Responsibility (EPR) for plastic/e-waste/battery on the CPCB EPR portal.

Who receives it

The Central Pollution Control Board (CPCB), via the EPR portal for the relevant waste stream.

How to submit / file it

Register as a producer/importer/brand-owner and meet the EPR targets through registered recyclers/PROs, filing returns.

Fees & charges

Registration and EPR-target/credit costs per the rules.

Who should vet it

An EPR/environmental consultant, for the target and documentation.

Important cautions

AI-generated guide; EPR rules evolve, confirm on the CPCB portal.
