

Material Requirement Planner

Manufacturing & Industrial

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Plan material needs from your production plan — a material plan with gross and net requirements, order-by dates and lead times, and purchase priorities for long-lead items. Fill in the details below.

Purpose of this tool & output

Plan material needs from your production plan

How the output is used

Use the planner to compute material needs from your production plan and to avoid shortages and excess.

Important cautions

AI-generated plan; verify BOM, stock and lead times.
