

Mining / Quarry Business Setup Guide

Mining, Metals & Minerals

Document type: Plan / SOP / strategy / guide · Generated 16 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a practical, phased plan to start a mining or quarrying business in India — mineral concession/lease, statutory approvals (mining plan, EC, consents), equipment and manpower, and go-live — with the sequence, approximate costs and typical timelines. Fill in your plan below.

Purpose of this tool & output

Start a mining or quarrying business the right way

How the output is used

Use it as your first roadmap to start a mining or quarrying business — the mineral, concession, clearances and capital you need before you dig.

Important cautions

AI-generated plan; mineral rules vary by state; confirm with the state mining department and a consultant.

Companion documents
