

Mining Capex Plan

Mining, Metals & Minerals

Document type: Financial model / analysis · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a capex plan for a mine or quarry setup or expansion — itemised capital by category (land, equipment, plant, infrastructure, approvals), phasing, funding split, and a cash outflow view. Fill in your inputs below.

Purpose of this tool & output

Plan and phase your mine investment

How the output is used

Use it to plan and phase your mine investment — a capex plan across land, equipment, plant and approvals with timing.

Who should vet it

Your CA or a mining engineer, to confirm the capex estimates and phasing against the mine plan.

Important cautions

AI-generated plan; validate equipment and costs.
