

DGMS Returns & Notices Helper

Mining, Metals & Minerals

Document type: Letter / notice · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a helper for DGMS statutory returns and notices — which periodic returns apply, notifiable accidents and dangerous occurrences, opening/reopening notices, and record-keeping — so filings are timely and complete. Fill in your context below.

Purpose of this tool & output

File mine returns and notices correctly

How the output is used

Use it to file mine returns and notices correctly — the periodic returns and statutory notices a mine must submit to DGMS.

Who receives it

The returns and notices are filed with the Directorate General of Mines Safety (DGMS) under the Mines Act and regulations.

How to submit / file it

Submit the prescribed periodic returns and event notices (accidents, dangerous occurrences, appointments) in the required form and timeline.

Who should vet it

The mine Manager and a mining-safety professional, to compile and certify the returns before filing with DGMS.

Important cautions

AI-generated helper; confirm exact forms and timelines with DGMS.
