

Final Mine Closure Plan Guide

Mining, Metals & Minerals

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a guide to preparing a final mine closure plan under MCDR — final land use, pit and dump treatment, water body safety, infrastructure removal, socio-economic transition, and financial assurance. Fill in your context below.

Purpose of this tool & output

Plan responsible end-of-life closure

How the output is used

Use it to plan responsible end-of-life closure — a final mine closure plan covering reclamation, safety and financial assurance.

Important cautions

AI-generated guide; final closure plan must be prepared by an RQP and approved by IBM/state.

Companion documents
