Scrap Purchase Agreement

Mining, Metals & Minerals

Document type: Contract / agreement · Generated 29 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Draft a scrap purchase agreement between a buyer and supplier — material and grade, quantity and pricing basis, weighment and deductions, quality and rejection, payment, and delivery — to avoid weight and quality disputes. Fill in the deal terms below.

Purpose of this tool & output

Buy scrap on clear, fair terms

How the output is used

Use the draft to buy scrap on clear, fair terms — grade, quantity, price basis, weighment and payment — reviewed by a lawyer.

Who receives it

The agreement is between the buyer and the scrap supplier; each keeps a signed copy.

Fees & charges

Stamp duty per your state stamp act where applicable; GST is handled in invoicing, and the grade, weighment and price-basis terms are the key content.

Who should vet it

A lawyer, to check the grade, weighment, price-basis and title/source-legality clauses before signing.

Important cautions

AI-generated draft; have it legally reviewed.
