

Mine Worker Training Programme

Mining, Metals & Minerals

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a training programme for mine workers — statutory initial and refresher safety training, skill training by role, on-the-job modules, and assessment and records — that satisfies VTC requirements and builds competence. Fill in your context below.

Purpose of this tool & output

Train workers to work safely and well

How the output is used

Use it to train workers to work safely and well — a mine worker training programme (VTC) covering safety and skills.

Important cautions

AI-generated programme; align to VTC and DGMS training requirements.
