

Organisational Health Audit

Nonprofit, NGO & Social Sector

Document type: Financial model / analysis · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Audits organisational health across key areas — governance, compliance, finance, programs and M&E, fundraising, people and safeguarding — with checks, gaps, a Strong/Adequate/Weak scorecard and priority fixes. Use this for an overall organisational assessment. Use it for internal strengthening. For governance only use the Governance Self-Audit.

Purpose of this tool & output

Assess overall organisational health

How the output is used

Use the tool to assess overall organisational health across finance, programs, HR and governance.

Who should vet it

A senior leader/advisor, to validate the assessment and priorities.

Important cautions

AI-generated audit; use for internal strengthening.
