This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a capacity plan for a boarding/daycare — welfare-appropriate capacity by space and staff, occupancy and seasonality, and economics — so you maximise revenue without compromising welfare. Describe your facility below.

Purpose of this tool & output

Right-size capacity for welfare and profit

How the output is used

Use it to right-size capacity for welfare and profit — a boarding and daycare capacity plan that balances comfort and margin.

Important cautions

AI-generated plan; never exceed welfare/safe-supervision capacity for revenue.
