

Pet Food Selection Advisor

Pet Care & Veterinary

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a framework to advise customers on selecting the right pet food — by species/life-stage/breed/health, reading labels, and matching to needs and budget — so your staff give good, trust-building advice (not just push stock). Describe the context below.

Purpose of this tool & output

Recommend the right food per pet

How the output is used

Use it to recommend the right food per pet — a pet food selection advisor by species, age, condition and budget.

Important cautions

AI-generated framework; recommend based on the pets needs; refer health/therapeutic-diet questions to a veterinarian.
