Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Design a dog training program — goals and levels (basic obedience to advanced), session structure, reward-based methods, and owner involvement — as a service program or plan. Describe the requirement below.

Purpose of this tool & output

A structured, reward-based training program

How the output is used

Use it to design a structured, reward-based training program — a dog training program across goals, stages and sessions.

Important cautions

AI-generated program; use humane, reward-based methods - avoid aversive/punishment-based techniques; refer serious aggression to a qualified behaviourist.
