

Pharma Licence Finder

Pharma, Chemicals & Life Sciences

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Identifies the licences a pharma business needs based on its activity — drug manufacturing, wholesale/retail drug, product permissions, factory, pollution, fire, GST, FSSAI (nutraceutical) and cosmetic — with the authority, when each is needed and a priority order. Use this to know every licence your business needs. Requirements vary by activity and state; confirm with your state FDA.

Purpose of this tool & output

Know every licence your business needs

How the output is used

Use it to identify every licence and registration your specific pharma business needs, so nothing is missed before you start.

Important cautions

AI-generated checklist; requirements vary by activity and state, confirm with your state FDA and authorities.

Companion documents

- Loan Licence Agreement
- Third-Party Manufacturing Agreement
- Distribution / Stockist Agreement
- NDA Builder
- Quality Agreement Builder
- Testing / Service Agreement

This is AI-assisted guidance. Verify with a qualified professional before any binding decision. Fees, authorities and processes vary by state and change over time — confirm with your state authority.
