

Schedule H / H1 Dispensing Guide

Pharma, Chemicals & Life Sciences

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Explains Schedule H and H1 dispensing compliance for a pharmacy — prescription requirement, the H1 register for specified drugs (what to record and retention) and the pharmacist role — with NDPS awareness for controlled substances where applicable. Use this to dispense prescription drugs correctly and maintain required registers.

Purpose of this tool & output

Dispense prescription drugs correctly

How the output is used

Use the guide to dispense Schedule H and H1 prescription drugs correctly, with the register and prescription rules in place.

Important cautions

AI-generated guide; follow Drugs and Cosmetics Rules and maintain required registers.
