

Candid & Storytelling Coverage

Photography & Videography

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a candid and storytelling coverage approach — anticipating and capturing genuine emotion and moments, the story arc of the day, blending candid with essential posed/family shots, and unobtrusive shooting — so your wedding coverage tells the story clients now expect. Use it to elevate coverage. For family shots use the Family & Group Shot Management tool.

Purpose of this tool & output

Capture emotion and story, not just poses

How the output is used

Use it to capture emotion and story, not just poses — a candid and storytelling coverage approach that clients love.

Important cautions

Modern couples want emotional candid storytelling, but do not neglect the essential posed couple portraits and family groups they also expect; anticipate moments and shoot unobtrusively to capture genuine emotion. Coach the whole crew on this eye.
