Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds an approach for corporate photography — team headshots (consistent, efficient, on-brand), corporate events, and office/culture shoots — with a fast station-based workflow, consistency, and quick delivery, so you serve corporate clients profitably and win repeat contracts. Use it for corporate work. For client management use the Commercial Client & Retainer Management tool.

Purpose of this tool & output

Run efficient corporate headshot and event shoots

How the output is used

Use it to run efficient corporate headshot and event shoots — a corporate session workflow for high-volume, consistent results.

Important cautions

Corporate clients value consistency, efficiency (a conveyor-style headshot station for large teams) and fast delivery, and give repeat/retainer work; coach non-model employees on posing and maintain an on-brand consistent look.
