Photography & Videography

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds wedding photography/videography packages — events covered (haldi/mehendi/wedding/reception), crew (photographers/cinematographers), deliverables (candid photos, cinematic film, teaser, album), and tiered pricing — so you present clear, compelling, profitable wedding packages. Use it for wedding sales. For pricing depth use the Pricing & Quotation Builder.

Purpose of this tool & output

Build wedding packages couples say yes to

How the output is used

Use it to build wedding packages couples say yes to — tiered wedding coverage and deliverables priced to convert.

Important cautions

Weddings are the biggest, highest-value Indian photography segment; define events, crew and deliverables precisely per tier, and use add-ons (drone, extra album, same-day edit) to upsell. Confirm you can staff the crew for the dates.
