This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Audits an estate against the Plantation Labour Act and wage and labour rules — housing, medical, crèche, canteen, hours, wages and records — flagging gaps before an inspection. Use it to close compliance gaps.

Purpose of this tool & output

Audit welfare and labour compliance

How the output is used

Use it to audit welfare and labour compliance — a Plantation Labour Act compliance audit that finds gaps before an inspection.

Who should vet it

A labour-law consultant, to validate the compliance findings and corrective actions before an official inspection.

Important cautions

A structured self-audit from your inputs; obligations are state-specific, substantial and changing under the labour codes. Confirm current requirements with the labour department and act on notices promptly.
