

# Dieline Creation Guide

Printing & Packaging

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

## Background

Get a guide to create a correct dieline for a carton, label or box — panel dimensions, glue/tuck/dust flaps, crease and cut layers, bleed and safe zones — so artwork and die match perfectly. Describe the pack below.

## Purpose of this tool & output

Build a correct, print-ready dieline

## How the output is used

Use it to build a correct, print-ready dieline — a dieline creation guide that avoids costly structural errors.

## Important cautions

AI-generated guide; validate with a cut-and-fold dummy before making the die.
