

Folding Carton Design Guide

Printing & Packaging

Document type: Plan / SOP / strategy / guide · Generated 16 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a folding-carton design recommendation — carton style, board and caliper, dieline features (locks, tucks, windows), and print/finish — that protects the product, runs on a folder-gluer and looks good on shelf. Describe the product below.

Purpose of this tool & output

Design a mono-carton that runs and sells

How the output is used

Use it to design a mono-carton that runs and sells — a folding carton design guide across structure, print and shelf appeal.

Important cautions

AI-generated design; validate with a die-cut dummy.
