

Product Labelling Declarations Guide

Printing & Packaging

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a guide to the labelling declarations required for a product category on its pack — beyond generic Legal Metrology, the category-specific mandatory information and symbols (food, cosmetics, drugs, electronics, etc.) — so labels are legally complete. Describe the product below.

Purpose of this tool & output

Cover category-specific label rules

How the output is used

Use it to cover category-specific label rules — a product labelling declarations guide across the rules for each product category.

Important cautions

AI-generated guide; confirm with the category regulator and current rules.

Companion documents
