

Rental Listing Optimiser

Real Estate

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Write a polished, ready-to-post rental listing for portals (99acres, MagicBricks, NoBroker), WhatsApp and social, plus a market-based pricing and deposit suggestion and a tenant screening checklist. The more detail you give below, the more specific and appealing the listing.

Purpose of this tool & output

Turn your property details into a listing that attracts the right tenants fast

How the output is used

Use the optimiser to turn property details into a rental listing that attracts the right tenants fast.

Important cautions

AI-generated listing and pricing guidance. Verify market rents with local listings and follow fair, non-discriminatory tenant practices.
