This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Draft the risk disclosure section for a real estate investment offering — market, execution, liquidity, regulatory (RERA), financing and tenant risks — each with a mitigation, plus standard cautionary language. Describe the deal and its risks below.

Purpose of this tool & output

Draft the risk-disclosure section of an offering

How the output is used

Use the drafted risk-disclosure section to state the risks of an offering honestly to investors.

Important cautions

AI-generated draft; a securities lawyer must review offering documents.
