

Legal Metrology Compliance Guide

Retail & E-Commerce

Document type: Licence / statutory filing · Generated 29 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get Legal Metrology compliance right — applicability, rules for stamping and re-verifying weighing instruments, packaged-commodity declarations, any packer or importer registration and penalties. Fill in your details below.

Purpose of this tool & output

Weights, measures and packaged-goods declarations

How the output is used

Use the guide to meet Legal Metrology requirements — packaged-goods declarations and, where needed, registration.

Who receives it

The State Legal Metrology Department (Controller of Legal Metrology).

How to submit / file it

Register/obtain the packer/importer registration where required, and ensure mandatory declarations on packages; inspection may follow.

Fees & charges

A state-specific fee where registration applies.

Who should vet it

A Legal Metrology consultant familiar with your state rules.

Important cautions

AI-generated guide; confirm with your state Legal Metrology department.
