

Retail P&L Builder

Retail & E-Commerce

Document type: Financial model / analysis · Generated 28 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Build a clear profit and loss view for your store — a structured P&L with each line as an amount and a percent of sales, key ratios (gross margin, net margin, rent to sales) and insights on where money leaks. Fill in your numbers below.

Purpose of this tool & output

Build a clear profit and loss view for your store

How the output is used

Use the builder to see a clear profit and loss for your store from discrete revenue and cost lines.

Who should vet it

A CA/accountant, if the P&L backs a loan or investor discussion.

Important cautions

AI-generated statement; not a substitute for your accountant.
