

Sarkari Exam Navigator

Document type: Plan / SOP / strategy / guide · Generated 13 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Maps the Indian government-job exam maze to YOUR profile — which exams you are eligible for and which fit best (UPSC, SSC, banking/IBPS, railways/RRB, State PSC, defence, teaching/TET, PSU), the eligibility with your category relaxations, the selection stages, a syllabus map and a personalised phased study plan to your available time, plus how to apply. It deliberately does NOT quote current notification dates, vacancies or fees — those change every cycle and must be checked on the official website; this is a planning and preparation guide, not the official notification.

Purpose of this tool & output

Which government exams fit you — eligibility, syllabus map, a personalised study plan and the application steps

How the output is used

Use it to shortlist the exams you are actually eligible for, pick one or two to focus on, follow the syllabus map and the study plan to your available time, and gather the standard resources. Treat it as your preparation roadmap — then confirm every current date, vacancy and fee on the official conducting-body website before you apply.

Important cautions

Eligibility rules, age relaxations, vacancies, syllabus and above all DATES change every cycle — this tool deliberately does not quote current dates/vacancies/fees, and you must verify them on the official website. It is a preparation and navigation guide, not the official notification.

Companion documents

No related documents are listed on the portal for this tool.

This is AI-assisted guidance. Verify with a qualified professional before any binding decision. Fees, authorities and processes vary by state and change over time — confirm with your state authority.
