

Pharmacy Franchise Agreement

Pharmacy & Chemist Retail

Document type: Contract / agreement · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Drafts (or explains) a pharmacy franchise agreement with discrete terms — brand, fees/royalty, territory, supply, standards, licences and termination. Use it to franchise or to understand a chain offer. Fill each term separately.

Purpose of this tool & output

Understand or draft a chemist franchise deal

How the output is used

Use the draft to understand or draft a chemist franchise deal — fees, territory, supply, standards and brand use — reviewed by a lawyer.

Who receives it

The agreement is between the franchisor and the franchisee (pharmacy); each keeps a signed copy.

Fees & charges

Stamp duty per your state stamp act where applicable; the franchise fee, royalty, supply and territory terms are the key commercial content.

Who should vet it

A franchise lawyer, to check the fee, royalty, supply-lock-in and termination clauses before signing.

Important cautions

Template for guidance, not legal advice. In pharmacy franchising the franchisee must hold its OWN drug licence and registered pharmacist and remains legally responsible for drug-law compliance — the brand does not remove that. Scrutinise the supply model and fees. Have a lawyer review before signing.
