

Opening & Closing Checklist Builder

Pharmacy & Chemist Retail

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Produces opening and closing checklists for a pharmacy — pharmacist presence, cold-chain/temperature checks, cash float, register upkeep, security and stock — so every day runs right. Use it to standardise routines. For the full ops SOP use the Pharmacy Operations SOP.

Purpose of this tool & output

Standardise daily open and close routines

How the output is used

Use it to standardise daily open and close routines — an opening and closing checklist that keeps stock, cash and cold chain in order.

Important cautions

Daily cold-chain temperature logging, Schedule-register upkeep and cash reconciliation are compliance and safety essentials — build them into open/close routines with sign-off. Confirm pharmacist presence each shift. Adapt to your hours and format.
