This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Designs a school fee structure — components (tuition, admission, activity, transport, etc.), stage-wise fees, payment schedule, and alignment to costs and fee-regulation rules — so fees are transparent, sustainable and compliant. Use it to set or revise fees. For regulation specifics use the Fee Regulation Compliance tool.

Purpose of this tool & output

Design a fair, compliant, sustainable fee

How the output is used

Use the tool to design a fair, compliant and sustainable fee structure.

Important cautions

Fees must be transparent and non-profiteering; many states regulate fee structure and hikes via a Fee Regulatory Committee. Confirm your state fee-regulation rules and never charge capitation.
