

School Health & Medical Plan

School Administration

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a school health and medical plan — health records and check-ups, first-aid and medical room, emergency response and hospital tie-up, managing chronic conditions/allergies, hygiene and disease control, and medication protocol — so student health is cared for and emergencies handled. Use it to set up health services. For safety use the School Safety & Security Plan tool.

Purpose of this tool & output

Keep students healthy and ready for emergencies

How the output is used

Use the plan to keep students healthy and ready for emergencies — checkups, first aid and protocols.

Important cautions

Keep parent-provided health/allergy info and consent for any medication; have an emergency protocol and hospital tie-up ready. Do not administer medicine without protocol and consent.

Companion documents

- Child Protection & POCSO Policy
- School Safety & Security Plan
- Attendance & Discipline System
- Student Counselling & Wellbeing Program
- Anti-Bullying & Behaviour Policy
- School Transport Safety Plan
