

Lab & Library Management

School Administration

Document type: Plan / SOP / strategy / guide · Generated 29 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a lab and library management plan — lab safety and equipment/chemical management, usage and record-keeping, library cataloguing/issuing and reading promotion, and utilisation — so these facilities are safe, maintained and actually used for learning. Use it to run labs and library. For academics use the Curriculum & Academic Plan tool.

Purpose of this tool & output

Run safe, well-used labs and library

How the output is used

Use the tool to run safe, well-used labs and library.

Important cautions

Lab safety (chemical handling, supervision) is critical — never leave students unsupervised with hazardous materials; make the library a living, used space, not a store-room.
