This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Guides preparing for school quality accreditation and rankings — understanding frameworks and criteria (academics, safety, infrastructure, holistic development, governance), self-assessment, evidence and improvement — so the school can earn recognition that builds credibility. Use it to pursue accreditation/rankings. For an academic audit use the Academic Quality Audit tool.

Purpose of this tool & output

Prepare for quality accreditation and rankings

How the output is used

Use the tool to prepare for quality accreditation and rankings.

Important cautions

Pursue accreditation for genuine improvement and credible recognition, not vanity; focus on real quality and safety, which also serves admissions and reputation. Verify the credibility of any ranking/accreditation body.
