This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Designs a teacher training and professional-development program — induction, pedagogy and NEP/competency-based methods, subject and assessment training, technology, child-protection and inclusion, and ongoing coaching — so teaching quality rises continuously. Use it to build capability. For appraisal use the Teacher Appraisal & Performance Management tool.

Purpose of this tool & output

Build teaching capability continuously

How the output is used

Use the program to build teaching capability continuously.

Important cautions

Job-embedded development (observation, mentoring) changes teaching more than one-off workshops; make child-protection training mandatory and recurring. Leverage free board/government training.
