

Security Agency Setup Guide

Security & Facility Management

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a practical, phased plan to start a private security agency or facility-management business in India — services, PSARA licence, manpower and training, statutory registrations, and go-live — with sequence, approximate costs and timelines. Describe your plan below.

Purpose of this tool & output

Start a private security or FM business

How the output is used

Use it as your first roadmap to start a private security or FM business — the PSARA licence, model, services and setup you need before you bid.

Important cautions

AI-generated plan; PSARA and labour compliance are essential - confirm with authorities and a consultant.

Companion documents

- PSARA Licence Guide
- Security / FM Business Plan
- Security / FM Feasibility Study
- Service Portfolio & Packages
- Security / FM Org Structure
- Security Operations SOP

This is AI-assisted guidance. Verify with a qualified professional before any binding decision. Fees, authorities and processes vary by state and change over time — confirm with your state authority.
